November 16, 2022 | by Patricia M. Barbarito

Host **Pat Barbarito** and featured guest **Francine Russo**, author of [Love After 50: How to Find It, Enjoy It & Keep It](#), join considerable forces to dispel the myth that dating is only for awkward teenagers, non-committal college students, and young professionals with babies on the brain.

Conversation highlights include:

- Dating as a realist;
- How to adopt the right mindset before diving into the online dating pool;

- How to recover from the 'shame' of a broken relationship;
- How understanding your role in creating the elements of your past (successful and failed) relationships becomes a powerful tool in building stronger future partnerships;
- Navigating the emotional impact of dating after a long-term relationship or marriage.
- How to go about revealing your true self during the dating process.
